DIRECTORY ASSISTANCE

Remember, there is a .40¢ charge for each number provided by a Directory Assistance Operator when the number requested is listed in your local telephone directory (shaded area on map below for Toronto). Please check your directory before calling Directory Assistance.

Listings for the other exchanges shown on the map may be obtained by dialing 9 + 411. If you have occasion to make frequent calls to these areas, additional telephone directories may be obtained at no charge from your Directory Co-ordinator.

For out-of-town Directory Assistance dial 9 + 1 (+ area code if different from your own) + 555-1212. There is no charge for this service.

Please note that any calls (not Directory Assistance Calls) from the shaded area to any exchange shown on the above map are free.

For communities not listed, call the long distance operator for the required Area Code and the Queen's Park operator (965-1191) for the correct 3-digit Inter-City Network Access Code.

ALL SCREENING

With the exception of calls to Ministers and Deputy Ministers, telephone callers shoud not be asked their identity.

ALL INTERCEPT

In no case should a caller have to go through more than one secretary (answer position) to reach the person called.

CALL TRANSFER

Transfer calls only when necessary and be sure the caller is willing to be transferred.

Explain why the transfer is necessary, and give the caller the name of the person or office with whom he will be speaking, if possible. If, however, the caller prefers to re-dial then he should be given the direct-in-dialing number — where applicable.

Don't transfer calls if you aren't sure with whom the caller should speak.

If you are unable to make the correct transfer, take the name and number and call back when you have the correct information. (In the event the recipient of the call has no idea, whatever, of where the caller should be directed, the call should be transferred to the Central Switchboard.)

You may transfer incoming calls which have been direct dialed or connected through the Queen's Park telephone system. YOU CANNOT TRANSFER INTERNAL CALLS. Tell the person you are transferring the call; then MOMENTARILY DEPRESS THE TELEPHONE CRADLE BUTTON, OR HOOK SWITCH ONCE, RELEASE, AND WAIT FOR THE OPERATOR TO ANSWER. Ask the operator to transfer the call by giving her the last 5 digits of the desired local.

DIRECT-IN-DIALING

The Government's telephone system in Toronto, and in certain other centres in the province, is designed so that callers can dial directly through to your telephone. In this way they can be served most efficiently and with the greatest satisfaction. For this to work, however, callers must know your telephone number or the number of your office. Remember, therefore, to publicize your number — where those who call you will see

it. This includes: letterheads, business cards, pamphlets, newspapers, Bell Telephone Directories, Government Directories, and similar publications and materials. Also, don't forget to notify your callers of a change in number whenever one occurs.

LONG DISTANCE CALLING

The use of the Inter-City Network and regular long distance services is governed by the following directives:

The Inter-City Network is a voice communication service provided between Toronto and designated Ontario centres for the conduct of government business. The Network is only to be used by staff of Government of Ontario ministries and approved agencies, as well as Members of the Provincial Parliament.

Long distance should only be used in cases of immediate urgency or if a locality is not covered by the Network. When calling via long distance, always use direct distance dialing (DDD) — the most economical method. When it is necessary to place person-to-person, collect, third number billed and credit card calls, Bell operator assistance is required. These calls incur much higher costs than direct distance dialing and should be avoided unless absolutely necessary. All operator assisted calls, including overseas calls, can be dialed by the caller within Toronto and vicinity. Instructions on how to dial your own calls are provided in the Bell Canada Metropolitan Toronto Telephone Directory.

PERSONAL CALLS

Local telephone lines are busy ones and must be kept as free as possible to enable others to reach us easily. For this reason personal calls should not be made unless absolutely essential.

Personal long distance calling should NOT be made from government telephones. If this is unavoidable, the call should be placed through the long distance operator and charged to the caller's residence number. Failing this, a record of the call must be kept and the employee must reimburse the Treasurer of Ontario for the cost of the call.

GOOD TELEPHONE AND CUSTOMER SERVICE

Here are a few good telephone habits and techniques that will help you to provide the public with efficient and courteous telephone service:

WAYS TO IMPROVE YOUR TELEPHONE PERSONALITY

Be alert — show interest in the person calling. You don't turn away

when meeting a person face to face . . . you shouldn't do it on the telephone.

Be natural — be yourself.

Be pleasant — friends can be made or lost on the telephone.

Be distinct — use clear, distinct speech. Don't make the caller strain to understand you. Don't speak too loudly or too quickly. It doesn't matter how friendly you are, if the caller is unable to understand you.

Don't rush — if you rush callers, they feel that they are being given the brush off.

PLACING CALLS

Make sure the line is not already in use. Check the number, dial carefully. Mistakes waste time.

Place your own calls and stay on the line. Be ready to greet your party; it avoids delays and resentment and demonstrates courtesy and respect to the person you are calling.

Give the person you are calling time to answer — at least five rings. It may save calling back later.

When the number called is answered, identify yourself, don't make the called person guess or ask.

RECEIVING CALLS

Answer promptly; it indicates efficiency.

Identify yourself and your office or the phone you are answering. If a caller has to ask who you are, then your response was inadequate.

Let the caller hang up first to make sure you don't miss any additional information.

Central answering positions should identify the name of your ministry or agency and office.

HANDLING COMPLAINTS

Your voice and manner should indicate to the caller that you are genuinely concerned and wish to provide assistance.

Don't interrupt. Listen carefully and then repeat the problem in your own words.

Ask relevant questions to ensure that you fully understand the problem. Ask for the caller's solution.

Describe your solution clearly and obtain agreement.

If you cannot resolve the concern, take the caller's name and number and involve the proper personnel.

ANSWERING SOMEONE ELSE'S PHONE

Identify the telephone line and yourself.

Take the message and make sure it is promptly relayed to the person called.

Don't offer information about which you are not sure — you might be wrong.

TAKING MESSAGES FOR OTHERS

When taking messages for another person, make complete notes, including:

- the caller's name (spell it correctly)
- the caller's firm, ministry or agency
- the caller's phone number (including Area Code if different from your own)
- date and time the call was taken
- your name

If it is necessary, briefly double check the information with the person calling. You will find that a pad of "Telephone Call' forms near your phone makes message-taking easier.

HANDLING CALLS FOR OTHERS

In handling calls for others always be informative, courteous and interested.

Always offer the caller your help or assistance.

If the caller wishes to wait on the line, don't keep the person waiting too long — a few seconds can seem like hours. Reassure the caller every 30 seconds that they haven't been forgotten.

RETURNING CALLS

Return all calls promptly.

Treat every message as an important call. If the public and fellow workers feel they are getting sincere, personalized attention, rather than

outine consideration, they will have more confidence in you, and in your ninistry or agency.

.EAVING YOUR TELEPHONE

Vhen you are going to be away from your phone, leave word with ;omeone — answering position, secretary, supervisor or fellow worker. Aention where you will be and when you plan to return. It's a thoughtful hing to do and it can help you be reached quickly if the need arises.

.EAVING A LINE

f it is necessary to leave the line during a call, explain the reasons to the caller and excuse yourself. When you return, thank the caller for holding the line. If the wait will be longer than one minute, offer to return the call.

FOURTEEN POINTS TO REMEMBER

1. Answer promptly
2. Identify yourself
3. Do not ask the identity of callers before passing calls to others (with the exception of calls to Deputy Ministers and Ministers)
4. Transfer calls properly and only if:
   - You are sure of the extension number
   - The caller is willing to be transferred
5. Place your own calls
6. Leave a message when you leave your telephone
7. Keep pad and pencil handy
8. List frequently called numbers
9. If you leave the line explain why
10. Indicate you understand the caller's needs
11. Be courteous and helpful at all times
12. Telephone others as you'd be telephoned
13. Advertise your direct-in-dialing number
14. Use the Inter-City Network for calling points which it serves, not regular long distance.

HOW TO HANDLE INQUIRIES FROM THE PUBLIC

The Government of Ontario listings in the "blue pages" of Bell Canada and other public telephone directories are designed to help the calling public communicate with the proper program, branch or function that will satisfy their inquiries. Those "blue pages" listings, under the Government's new Access Program, list alphabetically the services available in your area, most often sought by the public, and feature toll-free telephone numbers. *You should become familiar with the new service listings in your local public telephone directory.* At the conclusion of those listings, a local "General Inquiry" number is always shown. (In many parts of the Province, this number is called "Zenith Ontario.")

Inquiry within the Toronto calling area:

If a caller reaches you, and you are unable to help after referring to the Government Telephone Directory and/or the KWIC Index, transfer the caller to the Queen's Park Switchboard at 965-1191. If in your judgment a complex inquiry is involved, transfer the caller to the Citizens' Inquiry Bureau at 965-3535.

Inquiry outside the Toronto calling area:

If the service sought by your caller is not listed in the alphabetic list of services in the "blue pages" of your local public telephone directory, refer the caller to your local "General Inquiry Number" (or Zenith Ontario.)"

CITIZEN'S INQUIRY BUREAU

The Citizen's Inquiry Bureau of the Ministry of Culture & Recreation assists in making the Ontario Government more responsive to requests from individual citizens who may have difficulty in obtaining government information or assistance. The branch ..(416) 965-3535 supplements existing channels of communication between citizens and the government. The Kwic Index to the Government of Ontario is a companion reference directory to the Ontario Government Telephone Directory and is available from either the Ministry of Government Services Publications Service, 5th Floor, 880 Bay Street, Toronto, M7A 1N8 or the Ontario Government Bookstore, 880 Bay Street at Grosvenor, Toronto (Price — $4.00 + .28¢ tax.)

GOVERNMENT TELEPHONE SYSTEMS

The Telecommunication Services Branch of the Ministry of Government Services provides telephone systems throughout the province for public servants to use in communicating with each other and with the public, in the conduct of Government business. At Queen's Park, both a Centrex telephone system, which facilitates direct-in-dialing, and access to an Inter-City Network for inter-city calling, are provided to serve ministries and agencies in the Toronto area. Centrex systems are also provided in Thunder Bay, London, Ottawa and Sudbury, with additional consolidated systems being planned and implemented in other major centres.

TELECOMMUNICATION SERVICES

A complete range of telecommunication services is available to all Government users. Services encompass telephone (local and inter-city), intercom systems, fixed and mobile radio systems, radio paging systems, teletype systems, data communication systems, radio systems, facsimile, video, satellite and various other special telecommunication systems. New and improved common service voice, data, teleconference, radio and other services are presently under development, and will be introduced as soon as available.

Services provided include those of both an operational and an advisory nature. Operational services include telecommunication systems design, systems/service acquisition, systems implementation, and the provision and management of common telecommunication services (Centrex services, Inter-City Network). Telecommunication advisory services include system feasibility studies, systems planning, hardware and software evaluation, project management and coordination and both the preparation of request for proposals and the evaluation of supplier proposals.

To obtain additional information or assistance regarding these services, call the Telecommunication Services Branch at 5-6265 (detailed listings on page 107).

TELEPHONE AND DIRECTORY COORDINATORS

Each ministry or agency has designated an individual as a Telephone Coordinator. This person's principal task is to coordinate the handling of all requests for telephone and intercom services, but also includes the responsibility for supplying government and municipal directories and for updating directory and swtchboard information listings.

The role of these coordinators involves liaising with the Ministry of Government Services for the provision of these services. In the event your Telephone Coordinator is unavailable, additional information or assistance may be obtained directly from the Telecommunication Services Branch at 5-1414.

COMMERCIAL STANDARDS PROGRAM

The components of this program promote a high level of ethical business conduct by ensuring public disclosure of the essential elements of business transactions and the registration and licensing of persons dealing with the public. The various branches also conduct inspections of the financial operations of the regulated industries.

The Commercial Registration Appeal Tribunal is the mechanism that allows business people to appeal decisions made by the registrars of the regulated industries.

In addition, the program provides services for incorporation of companies and the administration of The Motor Vehicle Accident Claims Fund which handles claims and payments for damage done by stolen, unidentified or uninsured motor vehicles.

MINISTRY OF CORRECTIONAL SERVICES

2001 Eglinton Ave East Scarborough Ontario M1L 4P1
(Area Code Exceptions Noted)

The ministry of correctional services is responsible for offenders sentenced by Ontario courts to terms of less than two years, those on parole, and those given a term of probation. Ministry goals are: to provide custody and community supervision as directed by the courts; to provide offenders with training and treatment that will afford them better opportunities for positive personal and social adjusment; and to develop and provide programs for the prevention of crime.

EDUCATION PROGRAMS DIVISION
22ND FLOOR

"The Regional Services Division and the Curriculum Development Division have been grouped as part of the larger Education Programs Division to ensure compatibility between the units responsible for developing curricular programs and program related policies, and the units responsible for delivering these programs

to client groups, either directly or through local school boards."

REGIONAL SERVICES DIVISION 21ST FLOOR

The Division is responsible for the co-ordination of policies and procedures relating to implementation and review of Ministry policy. Through six regional offices, policy is delivered and implementation programs are monitored. The Division operates schools for the blind and deaf. It provides educational programs in Developmental Centres and Training Schools as well as in Demonstration Schools for children with severe learning disabilities.

Through its Correspondence Education courses, this Division provides Ontario residents with the means to obtain credits for kindergarten through grade 13. Basic nursing programs are provided in five regional schools to those persons wishing to become nursing assistants. It is also the responsibility of the Division to register and regulate private vocational schools in the Province.

ENVIRONMENTAL ASSESSMENT AND PLANNING DIVISION — 14TH FLOOR

This Division has three major responsibilities which provide a scientific base for many of the Ministry's policies and activities:

To serve as the central approval and co-ordinating agency for applications involving the design, construction and operation of water, sewage, solid waste reclamation and recycling plants and waste disposal sites required under Ontario legislation.

To conduct scientific and technical research, assessment and pollution control programs involving the use of water, land and air resources, the environmental implications of realty development and the control of all forms of pollutants.

And, to provide technical and supervisory services required in the planning, construction and operation of water and sewage treatment plants, solid waste and resource recovery facilities.

REGIONAL OPERATIONS AND LABORATORIES DIVISION — 14TH FLOOR

The service, assessment and enforcement facilities of the Ministry are readily available to the public, to municipalities and to industry through regional and district offices located throughout the province.

The Regional Operations and Laboratories Division provides a wide range of services including: environmental protection, abatement programs and complaint investigations; environmental assessment; and the operation and management by Ministry staff of water and sewage works systems constructed by the Ministry.

In addition the Division provides analytical and research support to the Ministry through the operation of provincial and regional environmental laboratories.

ONTARIO HUMAN RIGHTS COMMISSION
12TH FLOOR

The Commission administers and enforces the Ontario Human Rights Code, which prohibits discrimination in employment, housing and public services and facilities because of race, creed, colour, nationality, ancestry, place of origin, age (40-65), sex and marital status. The Commission implements a four-point program of investigation and conciliation of complaints and enforcement; mediation of social and ethnic frictions and consultations with employers, unions, etc. with a view to reducing community tensions arising from racial and ethnic adjustments; public education in the provisions and principles of the Code; and research in patterns of discrimination.

PROVINCE OF ONTARIO SAVINGS OFFICE
19th Floor 77 Bloor St West

The Province of Ontario Savings Office operates twenty-one offices where deposits are received from the public and

are held in individual accounts on which interest is paid and cheques may be drawn. Funds in excess of day-to-day requirements are deposited in the Consolidated Revenue Fund. This statutory appropriation provides funds for the purposes indicated pending reimbursement by the Province of Ontario Savings Office.

Frequently Called Numbers

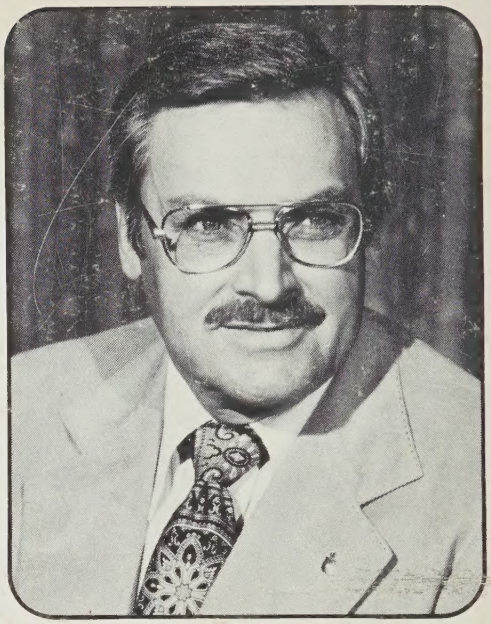

Name	Address	Telephone No.

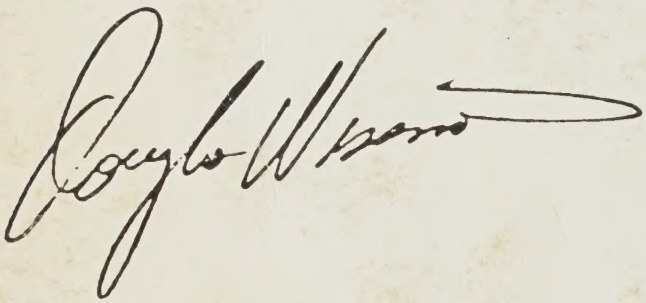

Once again, it is a pleasure for me to present the Government of Ontario Telephone Directory.

This newest edition of the Directory reflects a number of improvements which were made as the result of recommendations forwarded to my Ministry from various sources.

A map of the Queen's Park area and a separate page of general enquiry telephone numbers have been introduced to assist individuals in their communications with ministries and agencies. Pages containing emergency telephone numbers, as well as contents, index and Inter-City Network information have been revised for easier reference. Also, there are more complete listings of Provincial Government Agencies, Boards and Commissions.

I look forward to receiving comments or suggestions you may have for further improvement. These will be considered along with the other changes which are planned to ensure that this Directory remains as useful as possible.

The Honourable Douglas J. Wiseman,
Minister of Government Services
